

EMC'S YOUTH IN MANUFACTURING INITIATIVE

Funded by the Province of British Columbia's StrongerBC: Future Ready Action Plan

EMC's B.C. Youth in Manufacturing Initiative is part of the StrongerBC: Future Ready Action Plan to make skills training more affordable and accessible, and to respond to the biggest challenge heard from businesses – the need for people.

The program supports skills training and short-term, paid work placements for up to 500 B.C. youth aged 16-21 to develop skills and work experience for success in the workforce.

The program promotes opportunities for Indigenous Peoples, women and other underrepresented groups.

If you are interested in learning more about this program, please visit our website.
