

SRED CHECKLIST

- ☐ Have you developed new or modified products/processes?
- ☐ Did you make any prototypes or test parts?
- ☐ Did you use new materials in the last year?
- ☐ Did you or your customer modify the design of a part/product while you were working on it?
- ☐ Did your customers come back to you with issues on parts/products that you did for them?
- ☐ Did you have to prepare fixtures or modify in-house equipment?
- ☐ Do you have a technology that you wouldn't want your competitors to learn?

Did you have to make changes to your manufacturing process or product design due to:

- ☐ Health and safety or environmental issues?
- ☐ New customer specifications?
- ☐ Efficiency?
- ☐ Quality policy?

Have you made any progress or improvement regarding:

- ☐ Quality or cost?
- ☐ Life cycles?
- ☐ Cycle times?
- ☐ Understanding root causes?
- ☐ Scrap rates?

If you have checkmarked any of these questions, then you may have a SR&ED Claim! This is where the SR&ED Tax Credit program and EMC's Turnkey Solution comes into play, as the best offensive strategy to using all available funds and resources in order to support achieving your business objectives.
